

# WORD OF THE WEEK:

## *FICKLE*

fick·le

(fɪkˈəl)

### **PART OF SPEECH/DEFINITION:**

**ADJ.:**

1. Characterized by erratic changeableness or instability, especially with regard to affections or attachments; capricious.

**SENTENCE:**

Life may be fickle and full of changes, but that is no reason to turn to fortune cookies for stability and the answers to the big questions in life.
