

Dear Parent/Guardian and Student:

The administrative, faculty, and support staff plan to make this year the best possible learning experience for all students. With the cooperation of parents, students, and school personnel, we assure a productive and safe educational atmosphere. We make a commitment to provide the structure and guidance for students to master the skills, knowledge and attitudes to become effective members of our community.

The Handbook has been prepared as a convenient reference to six important documents:

1. Important information regarding policies and procedures for parents and students
2. A copy of the school's Discipline Code for your use and understanding
3. A copy of the Contract of Understanding for Participation in Athletics and Extracurricular Activities
4. A copy of the Electronic/Computer Network Access Agreement
5. Concussion Information Sheet
6. Performance-Enhancing Substance Testing Policy

Acceptance of this handbook indicates that you will read and comply with all of the information stated herein.

We urge parents to communicate frequently with the school and expect quality student work and regular school attendance. The school's website is also available for important school information (www.olchs.org). Furthermore, your child's grades, attendance records, and discipline records are available on-line through the "Skyward Family Access" (www.olchs.org). We welcome student/parent/guardian questions and calls. Your participation and support are valued.

Sincerely,

Dr. Jeana Lietz, Principal

Ms. Lauren May, Assistant Principal

Mr. Marcus Wargin, Assistant Principal

Annual Notification of Asbestos-Containing Materials

This notification is required by law. During the fall of 1988 our school building was inspected for asbestos-containing building materials in compliance with the US Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA). The inspection findings and asbestos management plans have been on file in the school administrative office since that time.

We are required to perform reinspections of the asbestos materials every three years. An accredited Inspector/Management Planner from Carnow, Conibear & Associates, Ltd., performed the three-year reinspection of our district in July 2020, and has issued a report regarding the results. There were no significant changes in the condition of the remaining asbestos. All asbestos-containing materials in our school are maintained in good condition and are monitored and assessed regularly by the school's environmental consultant.

Carnow, Conibear & Associates, Ltd., has been contracted to provide environmental services, which include maintaining compliance with federal regulations regarding asbestos and other regulated environmental concerns.

The results of the reinspection as well as the original Management Plan are available for viewing in the school's district office. They may be viewed during school hours. Our Asbestos Program Manager (LEA), Mr. Joseph McCurdy, is available to answer any questions regarding asbestos in our building. He may be reached at 708-741-5603.

OLCHS is intent on not only complying with, but exceeding, federal, state and local regulations in this area. We plan on taking whatever steps are necessary to insure that your children and our employees have a safe and healthy environment in which to learn and work.

Attendance:

A student is expected to be present each school day, unless there is an acceptable reason for being absent. Excused Absences: Each semester students are allowed to have five excused absences without documentation. This can be due to illness, death of a close relative, marriage within the immediate family, or an extraordinary emergency. Unexcused Absences: Once a student accumulates five excused absences, subsequent absences will need documentation in order for the absence to be excused.

Students who will be absent must have their absence verified by means of a parent/guardian telephone call the day of the absence. If a student is absent, a parent/guardian should call the 24-hour Attendance Office Number at 708-741-5860 to notify the school of the absence and include the reason. Telephone calls should be received by 10:00 a.m. on the day of the absence. Only phone calls from parents or guardians will be accepted. When notifying the school, be prepared to provide the following information: 1) identify yourself as the parent/guardian; 2) student's ID number; 3) first and last name of student; and 4) reason for absence. If no call or documentation is received within 24 hours of

the day of the absence, the student may be considered unexcused or truant and be subject to consequences. Excessive absences may result in a report of suspected truancy or a removal from classes.

Medical documentation of illness-related absences should be submitted to the Attendance Office upon the student's return to school. Refer to the discipline code for excused and unexcused absences and other information.

Oak Lawn Community High School conducts a 366-minute school day, exclusive of the lunch period. The State defines a full day of attendance as 300 minutes in a supervised academic setting. Any student who is in attendance in an academic class for 150 to 299 minutes will be marked absent ½ of the day. A student present less than 150 minutes in a supervised academic setting will not be considered in attendance for the day and will be marked absent.

When a student is absent from school for more than 50% of the school day, the student is not permitted: 1) to be on campus until the following day; 2) to participate in extracurricular or athletic activities; and 3) to attend off-campus school events; unless authorized by an administrator.

Grades are affected by a student's attendance and prolonged absences often result in failure. A student may email his/her teachers for missed assignments. A student who has an excused absence is allowed to make up work missed with the condition that it is done within a reasonable time following his return to school. In cases of extended illness, the student's parent or guardian must contact the Attendance Office, 708/741-5860, and should arrange for makeup work by calling the counselor as soon as possible. Counselors need 24 hours to contact teachers. The counselor will then make arrangements to get assignments from individual teachers. Assignments can be picked up in Room 117. Home/hospital instruction may be available to students whose absence exceeds 10 days. Call Mr. Sunquist, 708/741-5625, for further information.

Students with unexcused absences are eligible to receive credit for work missed during unexcused absences per the make-up policy of the teacher's department/division. The policy may require the student to complete an alternative assignment, attend a session or a series of sessions during Spartan Plus, and/or to participate in another academic intervention. When students are absent from school, they are not to attend any extracurricular activities before or after school. Oak Lawn Community High School does not recognize or sanction a "senior cut day." Parents should not allow their student to participate in such a day. Students found to be in violation of this policy will receive a truancy (unexcused absence) and be subject to the discipline code penalty. An unexcused absence on a final exam day will be reviewed by the administration on a case-by-case basis to determine the student's eligibility to make-up the final exam.

Prearranged absences:

When it is necessary for a student to be absent a full or partial day for reasons such as medical/dental appointments, court, religious holidays, or family vacations, a prearranged absence form should be picked up in the Deans' Office at least two school days in advance. A student whose request is approved will receive an excused absence for each class missed. If the form is not approved or not returned to the dean, the student will receive an unexcused absence for each class missed. A student who is approved for a partial day of absence must sign in or out at the Attendance Office, Room 122. All schoolwork is due upon return to class.

Tardiness:

A student is considered tardy if he/she is not in the assigned area when the tardy bell sounds. A 5-30 minute tardy from the start of class time will result in one hour of detention. A class cut will be the result of more than 30 minutes late from the start of class time. Two hours of detention will be issued to students with a class cut. Calls for tardiness must be made by 8:00 a.m. to the 24-hour voice mail number 708-741-5860. Only phone calls from parents or guardians will be accepted. Excused Tardies: Students will be excused if ill, however, they must have less than five excused absences. Unexcused Tardies: If ill and over five excused absences, the tardy will be unexcused unless medical documentation is provided. Other examples of unexcused absences include oversleeping, missing a bus, having car trouble. Medical appointments and court appearances must be verified with documentation. Car trouble must be documented with a receipt. Excessive tardiness will lead to disciplinary action in accordance with the Discipline Code, which may include removing the student from an academic course.

Birth Certificates:

A student new to the district, or a student transferring into the district, is required to provide the school registrar, with a certified copy of his/her birth certificate. The certified copy of the birth certificate is required at the time of enrollment. The law requires that the school district notify local law enforcement authorities in the event that a certified copy of a birth certificate is not provided to the school district in a timely fashion.

Board of Education:

The Board of Education of School District #229, Cook County, Oak Lawn Community High School holds regular meetings each month at Oak Lawn Community High School. The public is welcome to attend these meetings. Please refer to the website for meeting dates and times.

Board Policy Manual

The Board of Education Policy Manual for Oak Lawn Community High School is available on our district's website, www.olchs.org. The manual is also available on the Illinois Association of School Board's website, www.iasb.com/policy.

Building Hours:

The building will be open to students at 6:30 a.m. on days that school is in session and will close approximately one hour after the school day ends. Deviations in required time for arrival will need to be cleared through the principal. Students are expected to leave building/campus immediately following their scheduled class, activity, or event.

Class Withdrawal/Transfer:

Students are expected to successfully complete all courses in which they are enrolled. However, in some circumstances, a student may need to withdraw from a class after the semester has started. A student may withdraw without penalty from a course that is not required for graduation prior to the end of the first/third quarter. After the end of the first/third quarter, removal from class except for extraordinary circumstances will result in the student's receiving a W/F (withdrawal/failure) grade that is computed as part of his/her cumulative GPA (grade point average).

Daily Schedule:

On most days, the school day is divided into ten periods with 4-minute passing periods and a 24-minute lunch session. Students generally take six courses. Upperclassmen can earn late arrival and early dismissal privileges. On Wednesdays, the school day will begin at 9:20 a.m. to allow for staff meeting time.

Dance Guest Policy:

OLCHS students are responsible for the behavior and actions of their guest. Consequences will be issued to the OLCHS student should their guest choose not to abide by school rules or guidelines. The guest is required to display a photo ID prior to entering the dance. A guest must be enrolled in at least 9th grade. Adults 21 years and older are not permitted to attend as the student's guest. Students who leave the dance area will not be allowed to return. Students arriving one and one half hours late or more, may not attend the dance, and will not receive a refund. The administration reserves the right to deny a student's guest from attending the dance.

Discipline Detentions:

A teacher may give a disciplinary detention to a student for any infraction that is in violation of the school Discipline Code. The detention period runs Monday through Thursday from 3:10 to 4:00 p.m. Consult the Discipline Code for specific details and other information.

Discrimination Policy:

Oak Lawn Community High School insures equal educational opportunities are offered to students, regardless of race, color, national origin, age, gender, sexual orientation, gender identify/expression, religion, or disability. Questions in reference to educational opportunities may be directed to Mr. Joseph McCurdy, Assistant Superintendent at 708/741-5603.

District Report Card

As required by the Illinois Better Schools Accountability Act, the Oak Lawn Community High School District 229 Illinois District Report Card is available on the district's website, www.olchs.org. The report is also available in a printed format upon request.

Electronic Network Access (Authorization):

All use of the electronic network will be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. The agreement does not attempt to state all required or prescribed behavior by users. The failure of any user to follow the terms of the above will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Terms and Conditions

1. **Acceptable Use** - All use of the District's electronic network must be in support of education and/or research, be consistent with the educational objectives, policies, rules, and regulations of the Board of Education, and be in compliance with and subject to the district's discipline codes.
2. **Privileges** - The use of the District's electronic network is a privilege, not a right. Therefore, inappropriate use will result in a cancellation of those privileges. The Principal or his designator will make all decisions regarding whether a user has violated this agreement and may deny, revoke, or suspend access at any time; his or her decision is final. Violations of the code of conducts or professional requirements may result in the loss of privileges and employee or student discipline. Due process will be given commensurate with the seriousness of the offense.

Examples of prohibited conduct include name-calling, using derogatory slurs, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Complaints of harassment or intimidation are handled according to the provisions outlined in the student discipline code.

Health Service:

Under State law, all incoming freshmen are required to have a current health examination along with required immunizations. Completed health forms/immunizations need to be handed in by July 31, 2019. Transfer students from in-state/out-of-state/out-of-country, who have not previously had a 9th grade health exam/immunizations, will need to obtain one before attending classes. All new students are required to bring a copy of their 9th grade physical/immunizations at time of enrollment. Schedules will not be given to students until completed health exam/immunizations are handed in.

Required Immunizations:

Graduating seniors will be given a copy of their immunization record during senior seminar. Any copy requested after that date will result in a \$5.00 fee paid to the registrar in Room 117.

The Health Office is supervised by a full-time registered nurse and is open during school hours. Students must secure a pass from their teacher to report to the Health Office. Students should not stop at the Health Office between classes except for an emergency; i.e., bleeding, fainting, vomiting, or injury. If a student needs to go home due to illness/injury, the school nurse will notify the parent/guardian or someone designated by the parent/guardian.

Parent/Guardian is responsible for providing transportation for the student being sent home. In case of severe emergency, the Health Office will call 911.

State law prohibits dispensing medicine, including Tylenol, to any student. Students who need medication during school hours must have the Permission Form for Prescribed Medication completed by their physician. This form must also be signed by the parent/guardian. Medication must be brought to school in a container properly labeled by the pharmacy and given to the School Nurse to distribute as per physicians' written order.

Crutch Use. Students who require the use of crutches and/or orthopedic devices must report to the Nurse's Office following injury and/or upon returning to school following a surgical procedure with a valid MD note. The nurse will notify the student's counselor and P.E. teacher of any MD notes received regarding length of time the student will be excused from gym. The nurse will instruct the student on safe crutch usage within the school building and assess the need for elevator access. Accommodations (early classroom dismissal) will be implemented on an individual basis per the Nurse's discretion, unless otherwise specified. Please contact the Nurse's Office with any questions.

Students eligible for high honors must have a grade point average of at least 3.75 for the semester. If high honor roll is maintained for an entire school year (two consecutive semesters), the student will be awarded the academic Letter at a special awards program. Students eligible for honors must have a grade point average of 3.00 through 3.74 for the semester. An Incomplete ("I") or Withdrawal ("WF/WX") grade, unless resolved, disqualifies a student for either honor roll. All grades are used in compiling the honor rolls.

Identification Cards (ID):

Lost ID cards may be replaced during the school day for a \$5.00 fee. School ID cards are also required for admission to school events.

IHSA Performance-Enhancing Drug Testing Program Protocol:

Student Acknowledgement. As a prerequisite to participation in Illinois High School Association (IHSA) athletic activities, students agree not use performance-enhancing substances as defined in the IHSA Performance-Enhancing Drug Testing Program Protocol. Students must read and understand that they may be asked to submit to testing for the presence of performance-enhancing substances in their body, and students do hereby agree to submit to such testing and analysis by a certified laboratory. Students further understand and agree that the results of the performance-enhancing substance testing may be provided to certain individuals in their high school as specified in the IHSA Performance-Enhancing Drug Testing Program Protocol which is available on the IHSA website at www.IHSA.org. Students understand and agree that the results of the performance-enhancing substance testing will be held confidential to the extent required by law. Students understand that failure to provide accurate and truthful information could subject me to penalties as determined by IHSA.

Parent Acknowledgement. As a prerequisite to participation by my student in IHSA athletic activities, the parent certifies and acknowledges that they have read this information and understands that their student must refrain from performance-enhancing substance use and may be asked to submit to testing for the presence of performance-enhancing substances in his/her body. The parents do hereby agree to submit their child to such testing and analysis by a certified laboratory. Parents further understand and agree that the results of the performance-enhancing substance testing may be provided to certain individuals in their student's high school as specified in the IHSA Performance-Enhancing Drug Testing Program Protocol which is available on the IHSA website at www.IHSA.org. Parents understand and agree that the results of the performance-enhancing substance testing will be held confidential to the extent required by law. Parents understand that failure to provide accurate and truthful information could subject my student to penalties as determined by IHSA.

Inspection of Instructional Materials:

Parents or guardians of any student may inspect any instructional materials used in the schools. These materials include, but are not limited to, textbooks, teacher manuals, films and tapes. Call Dr. Michael Riordan, Superintendent at 708/741-5601, for an appointment if you wish to view any of these items.

Insurance:

Parents are encouraged to provide medical insurance for each child attending OLCHS. However, student accident insurance has been purchased by the school district for all students. No premium is being charged to the student. Students are covered while: 1) On school premises during the hours and days when classes are in session and while participating in or attending any school activity, including football and all other athletics supervised by the school; 2) Away from the school premises if participating in a school sponsored, directly supervised activity, including all athletics and field trips; 3) Commuting directly and uninterrupted to or from their place of residence and school for regular school day sessions; and 4) Traveling to and from any school sponsored, directly supervised activity, including athletic events, in a school authorized vehicle. Further information about school insurance coverage may be secured from the Business Office at 708/741-5604.

iPad Assignment and Responsibility

Each student is issued an Apple iPad device. Students are responsible for the care of the iPad. OLCHS is not liable for any loss, damage (including incidental, consequential, or punitive damages) for expense caused directly or indirectly by the device.

In the event of iPad damage, the student is responsible for a payment as outlined in the incident chart. Damaged iPads must be turned into the Media Center (Room 114). Damaged iPads must not be taken to an alternate repair facility. If the device is opened (factory seal broken), the student is responsible for the iPad replacement costs. Examples of a broken iPad: cracked or scratched screen; water damage; bent device, damaged ports or buttons, other damage. Students will be charged the following fees for damaged or stolen devices.

Incident	Damage Fee	Theft/Fire Fee
1	\$50	\$100
2	\$100	\$200
3	Full Price	Full price

The fees above do not cover the loss or damage of the iPad case, cord, or charger. Students will be responsible for the full cost to replace those items. Replacement costs: charging/sync cord- \$10.00; power charger- \$10.00; Case - \$35.00.

If damage or loss occurs in conjunction with a dishonest, fraudulent, intentional, negligent or criminal act the student/parents will be responsible for the full amount of the repair/replacement.

If the iPad is not returned when a student graduates or withdraws from the district, the full replacement cost of the iPad is due and OLCHS will file a police report regarding the missing device. Current iPad replacement cost is \$408.

In cases of theft, vandalism, and other criminal acts, the student MUST file a police or fire report. A copy of the police/fire report must be provided to OLCHS within two weeks of the incident.

iPad Acceptable Use Policy:

The use of technology resources at OLCHS is a privilege, not a right. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources, including, but not limited to, the iPad. If a person violates this agreement, the appropriate disciplinary action shall be applied. Violations may result in disciplinary action up to and including suspension/expulsion for students. When applicable, law enforcement agencies may be involved.

All use of the electronic network will be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. The agreement does not attempt to state all required or prescribed behavior by users. The failure of any user to follow the terms of the above will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

All use of iPads, both in school and out, shall be consistent with the District's goal of promoting educational excellence. These terms of use do not attempt to state all required behavior by users, however, some specific examples are provided. Student conduct is always being evaluated by district staff, which includes, but is not limited to: administrators, teachers and coaches. All the aforementioned staff can make recommendations regarding whether or not a user has violated these procedures. The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Privileges. The use of the District's iPad is a privilege, not a right, and inappropriate use may result in those privileges being denied, revoked, or suspended at any time including eliminating the ability to take iPad outside the building. The iPad is subject to routine monitoring by district staff. The district reserves the right to supervise all iPad use, or to confiscate and search a student's district-owned iPad to ensure compliance with the Acceptable Use Policy. In the event of disciplinary action, completion of all classwork remains the responsibility of the student.

Cameras. Students must use good judgment when using the camera. The camera will not be used to take inappropriate, illicit, or sexually explicit photos or videos, nor will it be used to embarrass anyone in any way. Use of the camera and microphone during school are strictly prohibited unless permission is granted by district staff. Any use of cameras in the bathrooms or locker rooms will be treated as a violation of the Acceptable Use Policy.

Software Applications (Apps). The apps and operating system originally installed must remain on the iPad in usable condition and be easily accessible at all times. Students will be granted permission to customize certain aspects of the iPad, however appropriate media must be used and screen lock pass codes must be given to district staff whenever asked to present them.

Disclaimer. Oak Lawn Community High School makes no warranties of any kind, whether expressed or implied, for the service it is providing. The district will not be responsible for any damages the user suffers. This includes the loss of data or service interruptions. Use of any information obtained via the Internet is at the user's own risk. The district specifically denies any responsibility for the accuracy or quality of information obtained through the iPad.

Security. Network security is a high priority. If the user can identify a security problem on the iPad, the user must notify the district technology staff immediately. Do not demonstrate the problem to other users. Keep your account and passwords confidential at all times. Do not use another individual's account without permission from that individual and/or district staff. Any user identified as a security risk may be denied access to the iPads.

Vandalism. Vandalism is any attempt to harm or destroy hardware, software, or data of another user, the Internet, or any other network. This also includes modifying the iPad in any way other than instructed by district staff and applying any permanent marks, decorations, or modifications to the iPad. Vandalism will result in cancellation of privileges and other disciplinary action.

Responsibility. The iPad is intended to only be used by the student it was issued to. The student is responsible for the iPad and therefore should not be used by anyone other than the student. The student should also never leave the iPad

unsupervised at any time. The Student and their parents/guardians are responsible for the iPad in the event that it becomes damaged or stolen

Late Enrollment:

Students who enroll after the first mid-quarter of the semester may be required to audit courses in lieu of receiving credit. Alternatively, they may request to take courses for credit when they have met the criteria as established by the division chairperson and/or principal.

Latex Policy:

Some individuals have or are in a high-risk group for developing sensitivity to latex. Sensitivity reactions can range from mild skin irritations to anaphylaxis. While it is unrealistic for Oak Lawn Community High School to ban all latex allergy-causing products from our school environment, it is important that we take reasonable precautions to minimize exposure for both students and staff. Knowledge about latex containing products among school staff, students and parents is a key factor for reducing the risk of severe latex reaction. Instead of a total ban, school employees need to cooperatively form a safety net around those staff and students at risk. Balloons and koosh balls are the greatest threats because they shed latex particles that can precipitate an allergic response. It is important that we work together to refrain from having these items within our school environment. Latex-free gloves will also be supplied to staff. The school nurse will identify students and staff with latex allergy or at risk for developing sensitivity to latex. All staff who interact with students or staff members on a regular basis with a latex allergy or at risk of developing a sensitivity to latex will understand latex allergy-developing sensitivity to latex and will work with student(s), parents, and other staff to help minimize risks and provide a safe educational environment for student(s) and staff.

Lockers/Lost and Found:

The school does not assume responsibility for lost or stolen items. The student's name should appear on all issued books for identification. Students are responsible for purchasing and using an OLCHS-approved lock for all school lockers. Lockers should be locked at all times. Students are responsible for the proper maintenance of their lockers. Students are not permitted to share lockers. Damage to the locker, either internal or on the locker door should be reported immediately to one of the deans. Failure to inform a dean of locker damage, intentional or not, will result in an assessment to the student. Damage, which is purposely committed to one's locker, or the locker of another student, will, in addition to the assessment, carry a disciplinary consequence.

The Lost and Found is located in the cafeteria and is open during all lunch periods. Articles not claimed by June 1st are sent to charitable organizations. Students should not bring expensive coats, jewelry, electronic devices, etc., to school.

Media Center/Library:

The Harold F. Wiltshire Media Center is open for student use Monday-Friday from 7:40 a.m.-3:30 p.m. Each student must present his/her I.D. card for admission into the Media Center. Students may sign up after school or before 1st period to secure admission during all Access periods and Lunch Study Halls. Students who do not sign-up in advance will not be allowed to enter. This includes students with late arrival or early dismissal privileges. After students enter the Media Center, they may not leave without permission.

Media Release Policy

Each year, there are many opportunities to feature students and their accomplishments in both internal and external publications, social media, and other media related postings. Whether it is attending an event, participating in a class project, for a scholastic award, or an athletic or club accomplishment, OLCHS students frequently get their names and pictures in the newspapers, social media, website, and even in videos. OLCHS representatives and employees exercise discretion and care in the use of students' names and likenesses. Therefore, unless you notify us in writing not to use the name or likeness of your student(s), OLCHS will assume we have your permission. If you elect not to allow OLCHS to use your student's information, please contact Mr. Marcus Wargin, Assistant Principal, 708/741-5613.

Mid Quarter and Grade Progress Reports:

Parents are encouraged to use the “Skyward Family Access” (www.olchs.org) to view their child’s grades, attendance, and discipline records. Parents/guardians are encouraged to arrange a meeting with the teacher of each course in which their child is failing. Meetings with teachers can be arranged by calling or emailing the teacher or the student’s guidance counselor.

Military Recruitment Access Reminder

The Illinois State Board of Education (ISBE) has been in contact with representatives from the Department of Defense regarding the implementation of the portion of ESSA that refers to Armed Forces recruiter access to students regarding recruiting information. The Department of Defense has raised some concerns regarding the implementation of this provision. As a result, we wanted to take this opportunity to remind you of your obligations.

The Department of Education published a Dear Colleague letter on this topic in 2016. The Dear Colleague can be accessed [here](#). As stated by the Department of Education (DOE), there were changes to schools obligations under the elementary and secondary education act from No Child Left Behind to the Every Student Succeeds Act. Most notably, ESSA makes clear that schools must notify parents and students that military recruiters will have equal access to their directory information unless the students opt out in writing. Based on our reading of the statute and the guidance, parents and students must actively opt out of this provision in writing. A passive opt out is not sufficient. Additionally, school districts must provide this information to military recruiters even if their student records policy does not include the information within the definition of directory information.

As the State Educational Agency, we are more than happy to support schools in properly implementing this law. As we have engaged the ISBE student advisory council over the last year, we have learned that high school students believe that they are not given enough information about post-secondary options other than college. The student advisory council was specifically interested in distributing more about military options and vocational options available after high school. By providing military recruiters with equal access to all students who do not opt out, we are helping our high school students further their goal and promoting post-secondary options for a number of students who would not otherwise have access.

If you have questions about this or the DOE’s guidance, please contact me directly at jaranows@isbe.net or (217) 782-5270.

Parent Teacher Student Association (PTSA):

For information on activities of the Oak Lawn Community High School PTSA, please contact Mr. Marcus Wargin, Assistant Principal, at 708/741-5613.

Pass/Fail Grade Option:

Students can elect to take up to one non-graduation required course per semester using the pass/fail grade option. The purpose of this option is to allow students the opportunity to take certain classes without the passing grade affecting their Grade Point Average (GPA). Students must submit their request to take a course using the pass/fail grade option no later than the end of the first quarter for semester courses and no later than the end of the third quarter for second semester courses. A passing grade will be recorded as a “P” grade and will not be calculated into the student’s GPA; a failing grade will be recorded as an “F” and will be calculated in the student’s GPA. No Advanced Placement or Honors courses may be taken using the pass/fail grade option. Please contact the Student Services Department for more information.

Perfect Attendance:

Perfect attendance recognition is determined when students have no excused (not including field trips and school-related activities) or unexcused absences for any class period during the entire grading period (quarter, semester, school-year).

Physical Education:

Illinois State Law requires all students to take physical education. Students are required to wear regulation OLCHS gym shorts, shirts, and appropriate footwear. Names are to be printed on the shirt and shorts to assist in

identification. A student's failure to dress properly and to keep suits clean can result in a failing grade in P.E. Students unable to participate in regular P.E. because of a medical problem may be assigned to an adapted program. This will require a doctor's approval that must be renewed each school year. Temporary physical education medical excuses from a physician should state the reason and specific dates of nonparticipation.

Police/Agency Interviews:

Interviews by Police

1. The School Official will verify the identity of the law enforcement agent, if not known by the School Official, by checking and photocopying the agent's picture identification card, unless the authority is in uniform.
2. The School Official will check any legal papers such as warrants for arrest, search warrants, or subpoenas to be served.
3. The School Official shall request the law enforcement agent identify or confirm the reason(s) for the interview.
4. The School Official shall, before allowing the law enforcement agent to interview the student, attempt to contact and obtain permission of the student's parent or guardian unless extenuating circumstances dictate that this not be done. Extenuating circumstances exist when for example:
 - a. There is a risk that delay in proceeding with interview may pose imminent danger to the health or safety of students, school employees, or other persons in the community.
 - b. The student's parent or parents are suspected of serious criminal activity or of co-involvement with the student in criminal activity.
 - c. Law enforcement authorities need to act promptly to prevent destruction of evidence of a serious crime, or flight from the jurisdiction by a person suspected of serious criminal activity.
 - d. In extreme emergency situations law enforcement personnel may, in effecting temporary protective custody, request that the District not notify parents until the child's safety is ensured. The School Official should ask that such a request be put in writing.
5. The School Official shall document all attempts to contact a student's parents.
6. If a student refuses to speak to law enforcement authorities, the interview may not proceed on school grounds.
7. If a parent conditions consent on being present, then absent exigent circumstances, the interview should be delayed until the parent arrives.
8. Absent an emergency or circumstances justifying other action, all interviews of students should be conducted in private.
9. If the parent(s)/guardian(s) are absent, a School Official will be present during the interview.
10. Interview proceedings will be documented in writing for inclusion in the student's temporary records. The written record should include presentation of any legal process such as subpoenas or warrants.
11. The School Official may permit an interview of a student as a non-suspect witness to a school related incident that occurred on or off school property without prior notification or consent of the parent. Such an interview shall be conditioned upon the law enforcement agent agreeing to notify the School Official if the student becomes a suspect during the interview. Upon such notification, the School Official should require that the interview cease and be conducted at the police department, or that it cease until notification and consent of a parent, unless extenuating circumstances exist.
12. No minor student shall be removed from the school by the police officer without the consent of a parent(s)/guardian(s), except upon service of a valid warrant of arrest or in cases of warrant less temporary protective custody.

7. After the interview has been conducted, the School Official or Designee may notify the parent or guardian when appropriate (generally when the parent is not the subject of the investigation), of the fact that an interview was conducted, but may not disclose any information about the interview.
8. In extreme emergency situations, DCFS employees or treating physicians may, in effecting temporary protective custody, request that the District not notify parents until the child's safety is ensured. The School Official should ask that such a request be put in writing.

12. The School Official or Designee will not participate in the examination or photographing of the student.
13. Promotion Policy:

Students shall be designated as freshmen, sophomores, juniors, or seniors based upon number of credits. In order to graduate from Oak Lawn Community High School, a student must satisfy all requirements and obtain the credits. Student classification (Freshmen, Sophomore, Junior, and Senior) is determined based on the policy listed in the school's Annual Curriculum Guide.

Those students who fail any course required for graduation or who at the end of any academic semester or term have failed to earn sufficient credits to reasonably permit graduation within a four-year period shall be notified at the end of each academic year. This may result in one of the following: 1) Notification to parent/student of academic status; 2) Attendance in Summer School; 3) Scheduling into available remedial courses; 4) Participation in tutoring during study hall periods; and 4) Encouragement to meet for additional assistance after the regular school day.

Residency Validation:

Children are entitled to a tuition-free public education in the school district wherein they reside. A child is presumed to be a resident of the school district wherein both the child and the person(s) who has legal custody of the child reside. A school district has a legal obligation to charge tuition to non-resident students according to the per pupil district expenditure (at least 15,000 and is determined annually by the Illinois State Board of Education).

Residency Enforcement is a Top Priority at OLCHS. With a reputation of academic, athletic and extracurricular excellence, OLCHS steadily attracts new families to its district. This makes enforcement of legal residency necessary as more families with school-age children move into our community. The OLCHS Board of Education remains vigilant on this issue and procedures have been implemented to identify and prosecute cases of non-residency. All students/parents must validate their residency within District #229 boundaries on an annual basis. Documentation Required: two different current utility bills (originals only) in the name of the parent/legal guardian indicating District #229 address (i.e.: gas, electric, water, garbage, cell phone bills are not accepted); one of the following indicating the same District #229 address: current mortgage statement, or proof of current homeowner's insurance, or current signed lease with name and phone number of landlord to contact; an Illinois Driver's License or State ID for the parent/legal guardian indicating the same District #229 address; and if the adult registering the student is not named on the

student's birth certificate, proof of custody/guardianship will be required. An official court order will need to be presented demonstrating custodial rights over the student.

Oak Lawn Community High School reserves the right to share submitted residency documentation with law enforcement agencies, local government municipalities, private investigators contracted by the district to validate residency, and other appropriate agencies as deemed required by the Superintendent.

School Vacation Trips:

Oak Lawn Community High School does not sponsor any extended vacation trips. These trips, which might have the inference of being connected with the high school, are generally sponsored by travel agencies and/or individuals and not the high school. If you have any questions regarding any proposed trip, call 708/741-5601, for clarification.

School Violence Tipline:

The School Violence Tipline, 1-800/477-0024, provides a means for students to anonymously report threats of violence and weapons violations on school grounds. The tipline is answered by trained Illinois State Police telecommunicators who will refer the reports to local law enforcement agencies. Additional information is available at: <http://www.illinoisattorneygeneral.gov/children/tiplinefacts.html>.

School Visitor Policy

During the school day, visitors must enter through the Southwest Highway Entrance and register at the greeter station. While in the building, visitors are required to leave a photo-identification card at the greeter station. Visitors are also required to wear visitor badges and be escorted to and from their meeting destination.

Search and Seizure:

To maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This paragraph applies to student vehicles parked on school property. In addition, the Principal shall require each student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objectives and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows: 1) Outside the view of others, including students; 2) In the presence of a school administrator or adult witness; and 3) By a certified employee or liaison police officer of the same sex as the student.

Seizure of Property:

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Public Act 94-994 requires school districts to notify parents that Illinois State Police provides an online listing of sex offenders required to register in the State of Illinois. The database is updated daily and allows parents to conduct online searches of registered sex offenders by name, city, county, zip code, or compliance status. The information is available at www.isp.state.il.us/sor.

In addition, they are not allowed in the school building or on school grounds without specified permission from a school official. This procedure is not intended to limit the option of the district and a grievant(s) to resolve any grievance mutually and informally. Hearings and conferences under this procedure shall be conducted at a time and place, which will afford a fair and equitable opportunity for all persons.

The grievance procedure is not required if the grievant(s) prefers other alternatives such as the Office of Civil Rights (OCR) or the courts. Due process shall exist throughout the procedure with the right to: (1) representation; (2) present witnesses and evidence; (3) confidentiality; (4) review relevant records; and (5) proceed without harassment and/or retaliation.

STUDENT DISCIPLINE CODE

OAK LAWN COMMUNITY HIGH SCHOOL

Discipline Philosophy and Goals:

The Oak Lawn Community High School District 229 Discipline Code is designed to promote positive development of each student's achievement, thinking, motivation and desire to learn as a life process. The Discipline Code exists to help make possible a good educational program and to protect the welfare of those who participate in the program. In particular, this Code is designed to foster the appropriate work relationship between students, and their teachers, administrators, other school personnel, parents, and their peers. This code recognizes the following axioms: 1) Discipline policies and procedures recognize the inherent dignity and rights of each individual. 2) Discipline policies and procedures serve to guide behavior and yet encourage personal effort extended toward self-direction.

All members of the Oak Lawn Community High School community at-large are charged to uphold and carry out the principles and goals of this Code. More specifically, it is the responsibility of each school employee to explore ways and carry out plans, which will foster and maintain a respectful work relationship between each student and himself/herself. Subsequently, it is the responsibility of students, teachers, administrators, school personnel and parents to become aware of what the Discipline Code states and how this code works.

All adults of District #229 who are charged with the responsibility to guide students behavior toward greater self-direction and self-fulfillment, will use the following principles to guide their discipline actions: 1) All students have the capacity to learn cooperation and respect for others. 2) All students should understand the policies, which affect them. Opportunities will be given to students for familiarization with the Discipline Codes policies and procedures. 3) All students have dignity and worth. All disciplinary action will be designed as a consequence of the student's misbehavior and may include behavior interventions, counseling, restorative justice measures, and community service.

Learning Environment:

The Oak Lawn Community High School Administration, under the direction of the board of education has taken great efforts to create a learning environment conducive to the mission and goals of the district. To this end, the school has adopted a series of polices with regard to student actions that by their very nature seriously disrupt this environment. Such acts include: gang activity, alcohol and drug use, sexual and ethnic harassment, fighting, and gross insubordination. To enact such policies, the administration has established a set of procedures documented in this code, which empowers the administration to investigate each of these acts, and respond with the appropriate disciplinary consequence, including referral to the board of education for expulsion. It is the administration's goal to enforce these procedures stringently in response to the code in an impartial and fair manner.

Attendance:

All students who will be absent must have their absence verified by means of a parent/guardian telephone call the day of the absence. If a student is absent, a parent/guardian should call the:

24-hour Attendance Office Number: 708-741-5860

to notify the school of the absence and include the reason. Telephone calls should be received by 10:00 a.m. on the day of the absence. Failure to call or submit documentation within 24 hours of the absence will result in a truancy. If no call or documentation is received within 24 hours of the day of the absence, the student may be considered unexcused or truant and be subject to consequences. Excessive absences may result in a report of suspected truancy or a removal from classes.

1. Classification. Absences and tardies are classified as excused or unexcused.
 - a. Excused Absences. An excused absence is one where the student is absent for an authorized reason. Students with excused absences are eligible to make-up all assignments, including homework, classwork, quizzes, and tests. Examples of excused absences are, but not limited to: a) Student's personal illness or other physical

disablement; b) Serious illness or death in the student's immediate family; c) Home emergency (fire, flood, etc.); d) Religious holidays (with the pre-arranged absence form); e) Mandatory court appearances (with the pre-arranged absence form); and f) Other situations beyond the control of the student as determined in the judgment of a the Deans' Office.

- b. Unexcused Absences. An absence is unexcused unless it qualifies under one of the reasons for excused absence listed above. Absences are not excused for such things as: Missed bus; Oversleeping; Staying home or skipping a class to do work for another class; Failure to report absences according to the established procedure; Unverifiable car trouble; Unfavorable weather conditions; and Excessive calls for late sign-in due to unverifiable illness; and babysitting family members.

Students with unexcused absences are eligible to receive credit for work missed during unexcused absences per the make-up policy of the teacher's department/division. The policy may require the student to complete an alternative assignment, attend a session or a series of sessions during Spartan Plus, and/or to participate in another academic intervention. An unexcused absence on a final exam day will be reviewed by the administration on a case-by-case basis to determine the student's eligibility to make-up the final exam.

Students who accumulate five days of excused and/or unexcused absences, per semester, will be placed on an "Attendance Probationary Watch List." Any additional absences will require providing the attendance coordinator with a verified "doctor's note," or other formal documentation, in order to be excused for each future absence. Documentation must be submitted immediately upon return to school. On the fifth absence, the dean or attendance coordinator will contact the parents, the student and the counselor for the purpose of advising the student of the ramifications of future absences.

Students who accumulate 9 days of excused and/or unexcused absences, per semester, will be placed on the truancy watch list. Any additional absences will result in moving to the next consecutive step of the truancy process.

2. Pre-arranged Requests to be absent. Parents are encouraged to schedule medical/dental appointments in such a way as to minimize student absences from school on a regular continuing basis. However, if unavoidable, efforts should be made to vary the periods missed to attend such appointments. Parent(s) may desire to have a student miss school or a class period for special situations such as to visit colleges for selection, family trips or medical/dental appointments or court appearances that cannot be scheduled on non-school time. Students must submit a request for such absence in accordance with the procedures set out on the Pre-Arranged Absence Form provided by the school district at least one school day in advance. See the attendance coordinator for the appropriate form or download from the school's website. If the request is granted, the student assumes all responsibility for obtaining assignments and make-up work. If a request to be absent and excused is disapproved, the absence is unexcused and subject to the conditions cited above. Partial day unexcused absences will result in a cut in each class at the appropriate level. In special circumstances, the dean may waive the prearranged absence requirement. Pre-arranged absence forms should be completed by partial (late-arrival/early dismissal) and full day absences that have been previously arranged. Pre-arranged absence forms are required for both partial (late-arrival/early dismissal) and full day absences.

3. Tardiness. Students are expected to be on time to each class period and remain in class until dismissed. **Any student tardy over 5 minutes must sign in at the Attendance Window.** When students are tardy to a class period or any portion thereof without a valid excuse, the following consequence will be in effect.

 3rd and 4th offense: 2 detentions with parent contact
 5th and 6th offense: Saturday detention with dean conference and parent contact
 7th and above: Behavior Intervention Room Assignment (on the 8th occurrence, truancy will also be discussed) with parent contact
5. Truancy. Truancy, as defined by the Illinois School Code, is an absence without valid cause or prior parent knowledge and approval, for a school day or portion thereof. When a student is absent from three or more class periods or entire day, that student may be considered truant. Students that are truant will be subject to school discipline, attendance intervention, as well as other lawful action. At the Dean's discretion, the student may be subject to: Mandatory parent/guardian conferences; Reporting to the Oak Lawn Police Department Truancy Officer for legal action including arrest; and/or Removal from individual classes that are repeatedly cut.

Truancy violation penalties are assigned on a cumulative basis over the course of the school year. At the Dean's discretion, truancy charges may also be filed for chronic cutting, tardiness and excessive absenteeism truancy, including possible withdrawal from class. Students may begin the truancy intervention process (which may include conferences with the attendance coordinator, dean, school resource officer, guidance counselor, social worker, and parents) upon receiving their sixth 5-30 Minute Tardy and/or their fifth Over 30-Minute Tardy. Students will then proceed to each step of the truancy process with each additional tardy and/or truancy.

6. **Extended Absenteeism.** If due to a long term illness or injury a student will be absent for an extended period, the parent must notify the counseling and attendance office so that the student may receive information for make-up work or appropriate services.
7. **Sign-In/Sign Out Procedures.** Any student who fails to sign in/sign out as late or leaving early from school during the official school day will be given a truancy for each class, study hall, or assembly.
8. **After-hours Participation.** When a student is absent from school for more than 50% of the school day, the student is not permitted: 1) to be on campus until the following day; 2) to participate in extracurricular or athletic activities; and 3) to attend off-campus school events; unless authorized by an administrator.

Detentions and minor disciplinary infractions:

Detentions are a consequence for no more than 1-hour before or after school. The detention is supervised by a staff member and under “quiet room” conditions. Tardiness is viewed as a failure to serve and may result in an additional consequence. While serving a detention, the student may be required to participate in academic intervention, behavioral intervention, and/or social emotional learning activities.

1. The teacher will handle acts of minor misconduct other than those specifically described in this Code.
2. Students who engage in acts of minor misconduct shall be subject to appropriate discipline including detentions. For purposes of this Code, a detention is defined as the keeping of a student before school, after school, or during a lunch period of student's regular school day in a specified room for a period of up to and including one hour per day on one or more school days. Teachers and staff may issue one or two hours of detention to be served no sooner than 48 hours of the date of the infraction for the following:
 - Insubordination (extreme insubordination is a major infraction)
 - Wearing or possession of outdoor jackets, is not permitted. Outerwear must be stored in the student's locker during the school day.
 - All headgear must be removed upon entering the school building and at in-house school related activities. This includes baseball caps, knit caps, winter hats, bandanas, and fashion hats. All headgear must be stored in the student's locker during the school day.
 - Unauthorized student use of school facilities not designated for student use (e.g., teacher lounges and cafeteria, mailbox area, etc.)
 - Students in hallways or other areas of the school building or grounds without a pass.
 - Using headphones/earbuds during academic time (including all assigned class periods, study halls, offices, and Media Center) without permission from the teacher
 - Using an audio device without headphones/earbuds
 - Possession or use of a skateboard, roller blades or roller-skates on school property.
 - Unsafe and/or inappropriate use of a bicycle, or throwing of snowballs, etc. on school property.
 - Consuming food or drink items in the hallways; or consuming food or drink items in a classroom without the teacher's permission.
 - Students not responding to a dean's pass will be considered insubordinate. Chronic violations will be considered as major infractions.
 - Inappropriate display of affection.
 - Possession of laser pens.
3. **Student ID.** Every student must carry a current school-issued identification card (ID) at all times while on campus or at school-related events. The ID must be presented to enter school-related events, offices and resource rooms during school hours, and to utilize resources in the Media Center. Any staff member or authorized representative of the school may request to see a student's ID at any time. Students who are without their ID can automatically be issued a new ID and the student will be charged the replacement fee for a new ID. The loss of an ID must be reported immediately to Office 112. The ID replacement fee is \$5.00. Altering or defacing any

part of the ID in any manner will result in a school consequence and the cost to replace the ID. The ID is not transferable to another person. Consequences for failing to possess an ID, defacing an ID, or providing an ID to another person may result in one or two hours of detention. Students who fail to surrender an ID upon request will be issued consequences under the Major Misconduct provisions of the Student Discipline Code.

4. Repeated incidents of minor infractions or Discipline Code violations will be reported to the appropriate dean. On the third offense and thereafter for the same violation from the same teacher, the dean may issue a Saturday detention or a Behavior Intervention Room assignment.
5. Staff assigning detentions must record the date of the detention on appropriate disciplinary forms. Staff member and/or dean assigning the detentions will notify parents/guardians. The student must be advised of the date of the detention. Students can serve a detention prior to the assigned date pending room availability.
6. Classroom detentions may be used as consequence in lieu of a regular detention. The teachers may require a student to remain after school under their supervision for a period not exceeding one hour after the close of the school day. Students must be given an option to serve the detention on the day of the infraction, the day after the infraction, or on a date assigned by the teacher. Failure of the student to appear at a classroom detention may result in a minimum of one hour detention.
7. Failure to serve detention: A student who fails to serve their detention may be assigned a Saturday detention.
8. Whenever a student accumulates four or more detentions, the dean may assign one Saturday detention. The dean may assign additional consequences for an unserved detention.

Major disciplinary infractions:

1. General and Definitions. Students found guilty of gross disobedience or misconduct are subject to suspension and/or expulsion in accordance with the provisions of the School Code and applicable law. For purposes of this Student Discipline Code, Saturday detention, Behavior Intervention Room, external suspension, alternative education placement, and expulsion shall be defined as follows:
 - a. Saturday detention is a consequence for multiple hours on a Saturday, during which students are required to pursue academic work. Students may also be required to participate in academic intervention, behavioral intervention, and/or social emotional learning activities. The detention is supervised by a staff member and under “quiet room” conditions. Tardiness is viewed as a failure to serve and may result in an additional consequence. Students who fail to attend a Saturday detention will be assigned further discipline. Parents/guardians are required to call the voice mail number, 708-741-5713, by 10:00 a.m. on the date of the assigned Saturday detention to inform the school of the reason for the student’s absence. After reviewing this message, the dean will determine if the reason stated is acceptable for rescheduling.
 - b. Behavior Intervention Room is a consequence in which a student is scheduled to the Behavior Intervention Room for an entire school day or any portion thereof. Students are eligible to receive full academic credit for all assignments and assessments completed. It is the student's responsibility to request assignments from teachers prior to the scheduled date. Students assigned to the Behavior Intervention Room may be required to participate in academic interventions, behavior interventions, social emotional learning activities, re-engagement activities, and physical education activities. Students who meet the room expectations will be afforded privileges such as eating lunch in the student cafeteria, attending their advisory period, or attending a Spartan Plus session.
 - c. External suspension is the temporary exclusion of the student from school for a period of from one to ten school days. In those cases where a student has been referred to the Board of Education for possible expulsion, the Board may, pending final action, continue a student’s suspension for a period in excess of ten days. Parental /guardian contact must be made prior to a student’s readmission to school. A parent/guardian meeting may also be required prior to readmission. Students are eligible to receive credit for work missed

during an external suspension per the unexcused make-up policy of the teacher's department/division. The policy may require the student to complete an alternative assignment, attend a session or a series of sessions during Spartan Plus, and/or to participate in another academic intervention.

External suspensions for three days or less are assigned when a student's continuing presence in school would pose 1) a threat to school safety; or 2) a disruption to other students' learning opportunities. Whether a student's continuing presence in school would pose a threat to school safety or a disruption to other student's learning opportunities is determined on a case-by-case basis by the administration.

External suspensions for four or more days are assigned when other appropriate and available behavioral and disciplinary interventions have been exhausted; and the student's continuing presence in school would 1) pose a threat to the safety or other students, staff, or members of the school community; or 2) substantially disrupt, impede or interfere with the operation of the school. Whether a student's continuing presence in school would pose a threat to the safety of other students, staff, or members of the school community or substantially disrupt, impede or interfere with the operation of the school is determined on a case-by-case basis by the administration. The determination of whether appropriate and available behavioral and disciplinary interventions have been exhausted shall be made by the administration. Students suspended for four or more days will be provided with support services during the period of their suspension as deemed appropriate and necessary by the administration. An external suspension can be appealed to the principal in writing or by a phone call.

When a student returns from an external suspension they are required to participate in a re-engagement meeting with dean and/or other staff members. The meeting may also require parent attendance.

- d. Alternative Education Placement is a consequence in which the student is scheduled to attend an alternative education program for an act of gross misconduct or gross insubordination, for repeated acts of misconduct, insubordination, and disrespect, or a pattern of inappropriate behavior. A student who has been repeatedly suspended or is subject to an expulsion, may be immediately transferred to an alternative program in the manner provided in Article 13A or 13B of the Illinois School Code. Academic work and student participation expectations will be determined during placement. During the placement, the student is not permitted on school grounds without the express permission of a dean/administrator nor shall the student be permitted to participate in or attend any school activity, including, but not limited to, athletic events, dances, club meetings, and the graduation ceremony.
 - e. An Expulsion is the exclusion of the student from school by a final decision of the Board of Education for a period in excess of ten days but no more than 2 years. The administration may recommend a student to the Board of Education for expulsion when other appropriate and available behavioral and disciplinary interventions have been exhausted; and the student's continuing presence in school would 1) pose a threat to the safety or other students, staff, or members of the school community; or 2) substantially disrupt, impede or interfere with the operation of the school. Whether a student's continuing presence in school would pose a threat to the safety of other students, staff, or members of the school community or substantially disrupt, impede or interfere with the operation of the school is determined on a case-by-case basis by the administration. The determination of whether appropriate and available behavioral and disciplinary interventions have been exhausted shall be made by the administration.
2. Major Misconduct. The following list, although not inclusive, is intended to exemplify misconduct of a serious nature, which may warrant a Behavior Intervention Room assignment, external suspension, and/or referral to the Board of Education for possible expulsion from school or other appropriate action.
- a. Aggressive Behavior - For purposes of this provision, aggressive behavior means any willful act to physically harm another or attempt or threaten to inflict injury upon another or any intentional display of force for the purpose of giving another a reason to fear or expect any bodily harm or any insult or taunt which could be

reasonably expected to provoke a fight. The Dean may assign the student one to ten days 1) in the Behavior Intervention Room, 2) as an external suspension, or 3) a combination of option 1 & 2 for aggressive behavior. The incident will be referred to the Oak Lawn Police Department and may result in an arrest or criminal charges.

Students engaged in acts of aggressive behavior involving verbal taunts, arguments, or threats may be assigned to an anger management intervention session(s), peer mediation, or another appropriate intervention in lieu of the Behavior Intervention Room. Student failure to attend and complete the alternative consequence will result in the imposition of the original consequence. When any second incident of aggressive behavior occurs involving verbal taunts, the dean may issue an external suspension and hold a mandatory parent conference. If a student engages in any second physical act of aggressive behavior, the dean may issue an external suspension, and conduct a mandatory parent conference involving the parents, student, counselor, and principal from which a referral may be made to have the student placed in an alternative school setting or being recommended to Board of Education for expulsion.

- b. Harassment - To threaten or imply a threat to a person or property, extort, intimidate, harass, haze or bully, or via electronic methods harass another student, employee or any other individual(s) is prohibited. Violations of this policy will be reviewed by a dean and the principal for appropriate disciplinary action that can result in the student being assigned one to ten days 1) in the Behavior Intervention Room, 2) as an external suspension, or 3) a combination of option 1 and 2. A serious incident may result in the student being placed in an alternative school setting or being recommended to Board of Education for expulsion.

Definition of Bullying. "Bullying", including "cyber-bullying", is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following: 1) placing the student or students in reasonable fear of harm to the student's or students' person or property; 2) causing a substantially detrimental effect on the student's or students' physical or mental health; 3) substantially interfering with the student's or students' academic performance; or 4) substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include, but are not limited to, harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, retaliation for asserting or alleging an act of bullying, name-calling, cyber-bullying, using derogatory slurs, or wearing or possessing items depicting or implying a hatred or prejudice based upon sex, color, race, religion, creed, ancestry, national origin, physical or mental disability, sexual orientation, gender identity/expression, or other protected group status. "Cyber-bullying" includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying in this Section. "Cyber-bullying" also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Prohibition on Cyber-Bullying. Bullying is prohibited through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes

a substantial disruption to the educational process or orderly operation of a school. This item applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

Students are encouraged to immediately report acts of harassment, bullying, and cyber-bullying to a staff member. A report may be made in person, submitted in writing, submitted through the anonymous link on the school's website, or submitted electronically by using the reportbullying@olchs.org email address to the District Complaint Manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District Complaint Manager or any staff member. The Deans and School Resource Officer play a vital role in reviewing and determining incidents of harassment. Anonymous reports are also accepted. The District Complaint Manager is Principal Dr. Jeana Lietz, 9400 Southwest Highway, Oak Lawn, Illinois 60453, jlietz@olchs.org, 708-741-5616, Fax: 708/424-5263. Reported acts of bullying will be investigated by the administration and with all reasonable effort completed within 10 school days taking into consideration additional relevant information received during the course of the investigation.

Students having a complaint alleging a violation of the harassment policy are urged to act according to the following grievance procedures: Report the incident immediately to an adult staff member as soon as possible. The victim can report the incident to a teacher, counselor, social worker, staff member, or school administrator.

- Mediation may often be a first chance to solve the problem if this seems appropriate. Such mediation can include conversations with adult staff or peer mediators.
- School officials will notify the parents of the student who violates policies on bullying. Parents will be given the details of the incident and asked to help stop the bullying behavior.
- Depending on the severity of the incident, a student who bullies another may be directed to undergo peer mediation, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, community-based services, and/or school discipline as appropriate.

Students who report false claims of harassment or impede the school's ability to investigate a reported violation are subject to consequences. Consequences may include Saturday Detentions, Behavior Intervention Room assignments, or an External Suspension.

- c. The use and or possession of disabling spray, pulling a false fire alarm, placing a false 911 call, vandalism, extortion, assault, or any form of gross misconduct before, during or after school hours, or before, during or after a school related activity, may result in the student being assigned one to ten days 1) in the Behavior Intervention Room, 2) as an external suspension, or 3) a combination of option 1 and 2. In certain situations, the incident will be handled by the proper school and/or law enforcement authorities, with referral, as deemed necessary, to the Board of Education for possible expulsion or other appropriate action.

- i. A student shall not knowingly engage in or do any voluntary act which physically harms a fellow student, school employee, or any other individual(s) or which otherwise endangers the health, safety, or wellbeing of any persons or property. This includes but is not limited to the possession of any type of weapon (or look alike weapon) or any other instrument used to cause injury, placement of bomb threats, and/or arson. Such misconduct may, depending upon the circumstances, result in the Dean assigning the student one to ten days 1) in the Behavior Intervention Room, 2) as an external suspension, or 3) a combination of option 1 and 2. - k. If a student is found on school property, without authorization, during his/her external suspension period he/she may be referred to the proper authorities, as trespassing, and the student may receive additional consequences.
- l. Academic Integrity. Academic integrity is expected of all students. The district expects responsibility and fairness in academic pursuits from all students. Plagiarism and academic dishonesty are forms of theft; students engaging in these acts steal others' ideas and fail to think and learn for themselves. Such activities interfere with the educational mission within the classroom. Students, staff, and parents/guardians are responsible for maintaining the academic integrity of the school. First Offense on Daily Work: The teacher may assign one-two hour(s) detention.

Repeated Offenses on Daily Work: The dean may assign a Saturday detention.

First Offense on Quiz/Test/Exam: The dean may assign Saturday detention.

Repeated Offenses on Quiz/Test/Exam: The dean may assign the student to the Behavior Intervention Room for 1-2 days.

Violations of the academic integrity expectation may result in limiting a student's eligibility in extracurricular programs such as National Honor Society and may prevent the student from holding a student leadership position within the school's extracurricular program. The action may also limit a student's availability to earn school-sponsored awards, scholarships, and recommendation letters.

Violations of the district's academic integrity expectations that encompasses inter-school competitions, the offense will be reported to the assistant principal who will take action deemed appropriate according to the given circumstances.

In cases where violations of the district's academic integrity expectations significantly disrupt the educational process via mass distribution and disclosure of assessment questions, answers, or other information, this action will be considered gross misconduct and disciplinary consequences will be more severe.

- n. Alcohol, tobacco, and other drugs

Philosophy statement. OLCHS believes that it is in the best interests of the students and community to promote and maintain a drug-free school system. Along with the parents and other segments of the community, the school has a role to play in helping students to remain drug free. Although there are consequences for violating this policy, we must deal with the underlying problems. Students need education, assistance and support because of their own drug use or because of drug-related problems of others. The school strives to work cooperatively with parents and community resources to help students remain alcohol/tobacco/drug free and maintain a wholesome climate in the school community.

Policy. The use or possession of controlled substances (unless medically prescribed and then to the extent prescribed), drugs or related paraphernalia, alcohol, substances used for intoxicating purposes, (including the misuse of over the counter medications), nicotine, and tobacco is detrimental to the health and well-being of students, disrupts the proper conduct of school curricular and extracurricular activities, and interferes with the education of the user. Further, the presence of alcohol or any unlawful drug or controlled substance on school premises or within any vehicle being used by students to go to or from school or any school activity constitutes a serious threat to the health and safety of students and others.

District 229 shall endeavor to eliminate and prevent such prohibited use. The direct participation and cooperation of parents, of the elementary districts and of community agencies will be sought in order to carry out the philosophy of this policy. In addition, the Student Assistance Program has been established to identify, assess and refer students who have a possible alcohol or drug problem. Outcomes include a meeting with parents, referral to in school support services (social worker, counselor, psychologist, discussion/support groups) or to community services (counseling, drug or alcohol assessment, community prevention/education classes). A testing device may be used to substantiate suspected use.

Expectations. No student shall use, consume, possess, carry, sell, transfer, attempt to purchase, attempt to sell, arrange for distribution, or give away an alcoholic beverage or any drugs, including look-alike drugs or controlled substances and other substances used for intoxicating purposes. These substances include but are not limited to any drugs covered by the Illinois Cannabis Control Act (Illinois Revised Statutes, Chapter 56 1/2,

Section 701 et. seq. or covered by the Illinois Controlled Substances Act Illinois Revised Statutes, Chapter 56 1/2, Section 1100 et seq.). An exception for use are such drugs that are medically prescribed and needed to treat any existing illness or other physical condition of the student and that are monitored by the school nurse. No student shall come into or on school property before, during, or after school hours under the influence of an alcoholic beverage or any drugs, or controlled substances except as previously identified. Also, no student under the influence of drugs or alcohol shall attend any before, after, or during school related activity, wherever located, or in any vehicle while such vehicle is being used to transport students for Oak Lawn Community High School, District 229.

Possession of drug paraphernalia including, but not limited to: kits, hypodermic syringes, pipes, roach clips, bong, rolling papers, and other drug paraphernalia items identified by Village of Oak Lawn Ordinance 82-9-34 which is incorporated herein by reference is strictly prohibited.

Possession is defined as either actual or constructive. Actual possession means physical possession of an object and occurs when a person exercises dominion over an object. Constructive possession can exist without actual present dominion over an object but with the intent to maintain control over it. Knowledge is always a necessary condition of constructive possession.

Students are to take special notice that it is a violation of this alcohol and drug rule for any student to enter or be upon school property or property adjacent thereto in a vehicle, whether alone or in the company of other students, or minors, if the student has knowledge that any alcoholic beverage, illegal drug or controlled substance is in the vehicle or on the person of any occupant of the vehicle. In any such case, the student shall be deemed to be in possession or engage in the transfer or use of alcohol or unlawful substance on school premises unless the student acquired knowledge of the presence of the alcohol or unlawful substance only after becoming a passenger in the vehicle and had no reasonable opportunity to leave the vehicle.

Discipline and intervention. Students in violation of the Oak Lawn Community Drug and Alcohol Policy may be assigned one to ten days 1) in the Behavior Intervention Room, 2) as an external suspension, or 3) a combination of option 1 and 2. The incident will be handled by the proper school and/or law enforcement authorities with referral, as deemed necessary, to the Board of Education for possible expulsion.

- The student and their parent will be requested to attend a meeting with the assistant principal, dean, guidance counselor, social worker, or other administrators and staff members as deemed necessary by the principal. The purpose of the meeting is to review the facts concerning the student's action and to make recommendations for a program of alcohol/drug evaluation/intervention and/or a recommendation to the Board of Education for expulsion.
- A reduction of the consequence may be considered when deemed appropriate by the administration if the student and parent attend a school sanctioned evaluation/prevention/intervention program and follow up on any treatment recommendations that may result from the evaluation. This may include: educational/rehabilitation classes, individual counseling, and family involvement in the program of remediation. The evaluation/prevention/ intervention program is not funded by district. The parent/guardian is responsible for the program costs.
- When a student is suspended or expelled from school for violation of the drug/alcohol policy, he/she will be required to provide appropriate documentation of support services as a condition for readmission.

Smoking Policy. The use or possession of smoking materials/nicotine products/tobacco or tobacco look-alike products will not be permitted on school premises. Violations of the smoking policy will be handled as follows:

- Students violating the policy will be assigned one Saturday detention.
- Students violating the smoking policy a second time and thereafter may receive a one to two day assignment to the Behavior Intervention Room.

- In all cases where the student is under age eighteen, the dean of students will also complete a referral to the Oak Lawn Police Department noting the student in violation of Ordinance #3-15-11. Such a referral may result in accelerating fines and mandatory participation in a smoking cessation program

High School District 229 is committed to providing all students with a variety of opportunities to learn the skills necessary for them to reach their potential as citizens in a collaborative society. The extracurricular program expands the learning opportunities available to students and enhances the academic program.

While involvement in these activities is voluntary, it is also a privilege. The objective is to hold students to a high level of conduct as a condition of participation, and to encourage students to make positive and healthy choices.

Requirements:

Compliance with all rules and regulations of OLCHS, the South Suburban Conference (SSC) and the Illinois High School Association (IHSA). A participant must agree to abide by the following rules seven days a week, 365 days a year, whether or not school is in session, throughout the student's high school career. Requests for review need to be in writing and signed by the student and parent/guardian. During a review, an evaluation of the student's attempt to modify or address the behavior that resulted in the offense will be taken into account. The review may alter the penalty.

CONCUSSION INFORMATION SHEET

ATHLETIC DEPARTMENT, OAK LAWN COMMUNITY HIGH SCHOOL

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. In other words, even a “ding” or a bump on the head can be serious. You cannot see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:

- Headaches
- “Pressure in head”
- Nausea or vomiting
- Neck pain
- Balance problems or dizziness
- Blurred, double, or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish or slowed down
- Feeling foggy or groggy
- Drowsiness
- Change in sleep patterns
- Amnesia
- “Don’t feel right”
- Fatigue or low energy
- Sadness
- Nervousness or anxiety
- Irritability
- More emotional
- Confusion
- Concentration or memory problems (forgetting game plays)
- Repeating the same question/comment

Signs observed by teammates, parents and coaches include:

- Appears dazed
- Vacant facial expression
- Confused about assignment
- Forgets plays
- Is unsure of game, score, or opponent
- Moves clumsily or displays in coordination
- Answers questions slowly
- Slurred speech
- Shows behavior or personality changes
- Cannot recall events prior to hit
- Cannot recall events after hit
- Seizures or convulsions
- Any change in typical behavior or personality
- Loses consciousness

What can happen if my child keeps on playing with a concussion or returns too soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents and students is the key to student-athlete’s safety.

What to do if you think your child has suffered a concussion?

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. IHSA Policy requires athletes to provide their school with written clearance from either a physician licensed to practice medicine in all its branches or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches prior to returning to play or practice following a concussion or after being removed from an interscholastic contest due to a possible head injury or concussion and not cleared to return to that same contest. In accordance with state law, all IHSA member schools are required to follow this policy.

You should also inform your child's coach if you think that your child may have a concussion. Remember it's better to miss one game than miss the whole season. And when in doubt, the athlete sits out.
