

CLASS OF 2023 NEW STUDENT INFORMATION

Incoming Freshmen Curriculum Night Wednesday, January 23, 2019 7 - 8 PM

All families of current 8th grade students residing in District 229 are invited to attend Incoming Freshmen Curriculum Night. Administrators and teachers will provide an overview of the school's academic program and general information about typical freshmen courses. After the general session, students and families can visit elective teachers for additional information on offerings in foreign language, industrial technology, family/consumer sciences, art, business, and music. Students enrolled in Districts 122 or 123 will also receive course selection materials and placement recommendations. Students who do not currently attend Simmons or OLHMS but who live within District 229 boundaries will be provided with additional information on placement.

Course Selection Night Wednesday, February 6, 2019 3:30 - 8 PM

All families of current 8th grade students planning to attend OLCHS should attend Course Selection Night to select courses for freshmen year. School personnel will also be on hand to collect necessary documents including information sheets, birth certificate copies, and residency documentation. Students will meet individually with a school staff member to request courses. Students who do not currently attend Simmons or OLHMS but who live within District 229 boundaries should bring copies of Aspire or MAP scores to assist in placement conversations.
